

Gelatein® MCT
260 calories, 20 grams protein
Peach Mango

- 260 calories
- 20 g of protein

FEATURES AND SPECIFICATIONS

Kcal/mL.....	2.20	Aligns with IDDSI Level 4 EXTREMELY THICK
Caloric Distribution (% of kcal)		A convenient and good tasting high calorie and high protein snack:
Protein	31%	Pressure injury and wound healing
Carbohydrate	35%	Protein energy malnutrition
Fat	34%	Chyle Leak Diet
Fat Source: MCT Oil		Renal Disease
Protein Source: Hydrolyzed collagen		Pre and Post operative surgery
Whey protein isolate		Chronic diarrhea
HCPCS Code: A9270		COPD
Appropriate for these diets:		Oncology
Gluten Free, Fluid Restricted,		Fat Malabsorption
Dysphagia Thickened Liquid		HIV/Aids
Allergen: Milk		For oral use only.
Lactose Free		Not a sole source of nutrition.
Shelf Life: 18 months		NOT FOR PARENTERAL USE
Shelf stable		
Appropriate for nectar, honey, and pudding thick consistency diets.

FOR THE DIETARY MANAGEMENT OF CALORIE AND PROTEIN DEFICIENCY

Gelatein® MCT is a ready-to-serve gelatin dessert with 260 calories and 20 grams of protein packed in just 4 fl oz. to meet the increased caloric & protein requirements of your patients. ^{5,6,12,38}

Gelatein MCT is made with MCT oil – medium chain triglycerides – the preferred fuel source by healthcare professionals because it requires less energy for absorption, utilization and storage than long chain triglycerides like corn or soy oil found in most shakes. MCT oil is well tolerated and easily digested. Once it enters the blood stream it is transported directly into the liver where it can be rapidly converted for cellular energy without having to be broken down first by pancreatic enzymes.

Standard high calorie supplements contain intact protein and rely on excess sugar and omega 6 oils for calories which can heighten inflammation during critical illness. Gelatein MCT provides the protein and calories your patients need for recovery or weight gain with only 1 gram of carbohydrate per gram of protein using hydrolyzed protein and MCT oil for easier absorption and without contributing to the inflammatory response in metabolically stressed patients.

Ingredients: Water, Protein (from beef collagen hydrolyzate and whey protein isolate), Sugar, Medium Chain Tryglycerides, Malic Acid, Carrageenan and Locust Bean Gum, Natural Flavors, Citric Acid, Potassium Citrate, L-Tryptophan, Potassium Sorbate and Sodium Benzoate (preservatives), Sucralose, Yellow 6 and Yellow 5. **Contains Milk.**

Suitable for the Dysphagia Diet.
