FOR THE DIETARY MANAGEMENT OF WOUND HEALING

Expedite™ Cup is a ready to consume once-a-day, 2 ounce wound specific nutrition product for wound healing support. The power of the bottle is now available in an easy to consume cup. A blend of highly concentrated collagen dipeptides (Prolyl-Hydroxyproline (PO) and Hydroxyprolyl Glycine (OG)) and L-Citrulline, Expedite delivers 30 times the dipeptides of regular collagen. Expedite Cup enhances collagen synthesis and nitric oxide production to support the healing process in a fast and efficient way.

Dosing and Administration

Oral: Expedite Cup can be consumed chilled or at room temperature.

**Product dosing should be based on clinical discretion and specific patient need.*
